Table of Contents

Acknowledgement 6
Dedication 7
Chapter 1 ..... **8**
Understanding Risk: Opportunities or Threat? **8**
Overview 8
What is Risk? 10
Chapter 2 ..... **14**
Risk Management Theory and Practice **14**
Overview 14
What is Risk Management? 15
Appetite for Risk 16
Categories of Risk 18
Outcome of Risk Assessment 18
Chapter 3 ..... **20**
Developing a Risk Assessment and Mitigation Strategy **20**
Overview 20
Chapter 4 ..... **25**
The Risk Management Process **25**
Overview 25
Risk Identification 27
Qualitative and Quantitative Risk Analysis 28
Risk Response Planning 29
Risk Monitoring and Control 29
Chapter 5 ..... **31**
Risk Analysis Tools and Methodologies **31**
Overview 31
Qualitative Risk Analysis: Tools and Techniques 31
Risk Probability and Impact Assessment 32
Probability and Impact Matrix 32
Risk Data Quality Assessment 33
Risk Categorization 34
Risk Urgency Assessment 34
Quantitative Risk Analysis: Tools and Techniques 34
Data Gathering and Representation Techniques 35
Probability Distributions 36
Monte Carlo Simulation 37

Sensitivity Analysis 38
Decision Tree Analysis 39
Chapter 6 41
Identifying Risk 41
Overview 41
Identifying Risks 44
Risk Identification Process 47
Best Practices for Risk Identification 51
Chapter 7 55
Assessing and Mitigating Risk 55
Overview 55
Four Steps to Risk Assessment 57
Prioritizing Risk 59
Measuring Risk Impact 60
Measuring Likelihood 64
Risk Mitigation Strategies 65
Risk Assessment Best Practices 66
Chapter 8 69
Developing Risk Response Strategies 69
Overview 69
Developing a Risk Response Strategy 70
Responding to Risk Events 73
Identifying Risk Response Alternatives 74
Selecting Response Alternatives 75
Assigning Risk Ownership 76
Preparing Risk Response Plans 76
Chapter 9 78
Implementing Risk Response Controls 78
Overview 78
Response Controls and the Risk Registrar 79
Inputs to Risk Monitoring and Controls 81
Techniques to Risk Monitoring and Response Control 81
Outputs to Risk Monitoring and Response Controls 82
Handling Change Requests 83
Chapter 10 87
Incident Management and BC/DR Planning 87
Overview 87
