

ASME-JSME-KSME Joint Fluids Engineering Conference 2011 (AJK2011-FED)

Abstracts are now being accepted for the next annual Summer Fluids Meeting to be held in Hamamatsu, Japan on July 24-29, 2011. Please visit the conference website <http://www.ajk2011-fed.org/index.html> for additional information and to submit abstracts. The deadline for abstract submission is *November 1st, 2010. See other important dates below.*

Scope of Conference

The ASME-JSME-KSME Joint Fluids Engineering Conference 2011 (AJK2011-FED) has grown out of the ASME-JSME Joint Fluids Engineering Conference that was first held in Portland, Oregon in 1991. From a global perspective, the world faces a number of daunting challenges including global climate change, finite energy resources, and economic crises. These problems are wide-ranging and extremely complex. Mechanical engineering and mechanical engineers have the potential to overcome these problems. Three mechanical engineering societies, JSME, ASME and KSME, have been addressing these problems both individually and collaboratively. The ASME-JSME Joint Conference on Fluids Engineering has played a major role in addressing these challenges, but the problems are too complex to solve only through bilateral collaboration. We need global and industry-government-academia collaboration to find the answers. On this basis, the three societies have decided to hold the ASME-JSME-KSME Joint Conference on Fluids Engineering 2011 (AJK2011-FED) in Hamamatsu, Japan. The organizing committee of AJK2011-FED looks forward to the active participation of mechanical engineers and researchers from around the world.

Important Dates

Date of Deadline	Symposium	Forum	Technical Flash
Abstract Submission	Nov. 1, 2010	Nov. 1, 2010	Feb. 1, 2011
Notification of Abstract Acceptance	Dec. 1, 2010	Dec. 1, 2010	Apr. 1, 2011
Full Length Paper Submission	Feb. 1, 2011	Feb. 1, 2011	-----
Notification of Paper Acceptance	Apr. 1, 2011	Apr. 1, 2011	-----
Submission of Copyright	May 1, 2011	May 1, 2011	May 1, 2011
Final Paper Submission	May 1, 2011	May 1, 2011	-----
Early Bird Registration	June 1, 2011	June 1, 2011	June 1, 2011
