

Transport Phenomena in Manufacturing and Materials Processing
K-15 Committee Meeting, 2001 NHTC, Anaheim, CA
Sunday, 2:30-4:30 PM
Santa Barbara Room

AGENDA

1. Report from HTD Executive Committee
2. Report from the Chair
3. Announcements from Committee Members
4. Report on general issues with 2001 NHTC (Technical Program Co-Chair Ted Bergman)
5. Report on K-15 sessions at 2001 NHTC (KCR Steve Lee)
 - Transport Phenomena in Materials Processing and Manufacturing (Jen/Khan)
 - Laser and Plasma Processing (perhaps joint with K-20) (Xu, Chiu, and Shiu)
 - Transport Phenomena in Processing for Nano- Systems and Materials (Kurabayashi/Asheghi)
6. Planning for 2001 IMECE (KCR Milind Jog)
 - Transport Phenomena in Materials Processing and Manufacturing (Chandra/Alam)
 - Joint symposium – Nontraditional Manufacturing Research and Applications (MED/HTD) (Smith)
 - Transport Phenomena in Processing for Nano- Systems and Materials – panel or invited papers (organized by Prasad and Wang)
 - Transport Phenomena in Polymer and Composite Processing (Pitchumani, Scott Holmes from Boeing, Philadelphia)
 - Transport Phenomena in Novel Spray and Coating Processing (Chiu)
7. Update on 2002 IHTC (Ted Bergman)
8. Planning for 2002 IMECE – need KCR
9. Discussion of officer and KCR selection process.
10. New business
