Dear friend of CIMAC,

this is the issue no. 16 of the CIMAC Newsletter to keep you updated on CIMAC's activities. The aim of our newsletter, which appears on an irregular basis, is to supply our members and all those interested in CIMAC and its activities with a short information on news items. Further details will be given on our website www.cimac.com – just follow the links.

- the CIMAC Circle at SMM 2006 on Sept. 28, 2006, in Hamburg has been a successful event. A press release, the panelists' presentations as well as some visual impressions can be found at http://www.cimac.com/congress_events/Index1-events.htm
- Pre-registration has already started for the **CIMAC CIRCLE at SMEM 2006 in Dubai**. This panel discussion in the morning of **Dec. 6, 2006**, will deal with **'Maintenance and repairs – Life cycle support systems'**. For further details and registration please visit http://www.cimac.com/congress_events/Index1-events.htm.
- CIMAC would like to take the opportunity to make you aware of a **VDMA brochure on emissions legislation**, which might be of interest to you. By courtesy to VDMA we have put it on the CIMAC web for a limited period of time at <http://www.cimac.com/workinggroups/Index1-working-groups-exhaustemission.htm>
