October 2008

Dear friend of CIMAC,

this is the issue no. 23 of the CIMAC Newsletter to keep you updated on CIMAC's activities. The aim of our newsletter, which appears on an irregular basis, is to supply our members and all those interested in CIMAC and its activities with a short information on news items. Further details will be given on our website www.cimac.com – just follow the links.

- the yearly **CIMAC CIRCLE 2008**, held on **September 25**, was well attended with about 300 participants. The high-ranking panel discussed '**Efficient and clean ship transportation – what are the technical solutions?**'. A press release as well as the panelists' presentations are available for download on the CIMAC webpage at http://www.cimac.com/congress_events/Index1-events.htm
- the CIMAC Working Group 5 EEC (Exhaust Emissions Control) has just issued a **new CIMAC Recommendation**. This CIMAC Recommendation **No. 28 'Guide to Diesel Exhaust Emissions Control of NO_x, SO_x, particulates, smoke and CO₂ – seagoing ships and large stationary diesel power plants'** is now available for download from the CIMAC Technical Paper Database at <http://www.cimac.com/services/Index1-techpaperdatabase.htm>

Free download is for CIMAC members only! However, non-CIMAC-members can purchase this new CIMAC Recommendation via the online order-sheet.

- **VDMA** has issued a new **emissions brochure**, which might be of interest to you. It has been made available for download on the CIMAC webpage at <http://www.cimac.com/workinggroups/Index1-working-groups-exhaustemission.htm>

*If you do not wish to receive
our newsletter in the future
please return this mail marked
'Unsubscribe' and we will delete
you from our mailing list.*
