Newsletter

International Council on Combustion Engines

www.cimac.com

March 2008

Dear friend of CIMAC,

this is the issue no. 21 of the CIMAC Newsletter to keep you updated on CIMAC's activities. The aim of our newsletter, which appears on an irregular basis, is to supply our members and all those interested in CIMAC and its activities with a short information on news items. Further details will be given on our website www.cimac.com – just follow the links.

- the yearly **CIMAC CIRCLE 2008** will take place on **September 25, 14:00 h – 16:00 h** and will be again held at SMM in Hamburg. This year's topic (working title) is '**Efficient and clean ship transportation – what are the technical solutions?**'. As usual participation is free of charge but online pre-registration is required. Some further details as well as online pre-registration are already available at http://www.cimac.com/congress_events/Index1-events.htm
- **JICEF**, the Japanese CIMAC NMA, will hold a seminar on '**Residual Fuel Combustion Performance - How to keep the safe and steady operation of the engine**' on **April 15 - 16, 2008, in Tokyo**. The programme and other details are available for download at http://www.cimac.com/congress_events/local-events.asp

*If you do not wish to receive
our newsletter in the future
please return this mail marked
'Unsubscribe' and we will delete
you from our mailing list.*
