Table of contents

- Working groups
 - News letter
- Future opportunities

IDA / DMS

Working groups

- Structural group (chair - proposal ASME USA + DK)
ASME is in charge of the secretariat function
 - Description of the Icomes structure (for new members)
 - Developing future structure for Icomes meetings
 - Election of hosts for the coming Icomes meetings

IDA / DMS

Working groups

- Economy group (chair - proposal UK)
 - Creating economical possibilities for smaller societies hosting the Icomes meeting (fundraising, fees)
(It is important if Icomes wants to be a world wide activity and not just a club for the well established countries)

IDA / DMS

Working groups

- Education group (chair - proposals Egypt/Ethiopia)
 - Exchange of (ASME) educational programs and standards
 - Exchange of students

IDA / DMS

Working groups

- PR group (chair - proposal Greece)
 - Contribute world wide in creating interest for engineering studies
 - Recruit new members

IDA / DMS

Working groups

- Law group
 - Rules and regulations (chair - proposals Czech/France)
 - Supporting new member Societies with framework for rules and regulations for National Societies (ethics, rights and duties)

IDA / DMS

News letter

- The News letter is the glue for Icomes activities.
ASME is in charge of the secretariat function and the News letter.
- The News letter should be published once a year to keep the societies updated between the meetings.
- Member list to be updated every year

IDA / DMS

Future opportunities

Engineering societies in the 3. World?

Future opportunities to be discussed during the meeting
